PROFESSIONAL SUMMARY

Full-stack developer with 5+ years of experience building digital products, with professional software work since 2020. Experienced across fintech, eCommerce, and edtech, delivering web and mobile applications with React, Next.js, Vue, and React Native, plus APIs with Node.js, NestJS, Express, and Laravel. Combines payment, database, authentication, and AI workflow experience with a UI/UX foundation and ownership from design through release.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, PHP

Frontend: React, Next.js, React Native, Vue.js, Redux, Tailwind CSS, HTML5, CSS3

Backend: Node.js, NestJS, Express.js, Laravel, REST APIs

Data and integrations: PostgreSQL, MySQL, MongoDB, Redis, Paystack, Flutterwave, JWT, OAuth 2.0, Google Sign-In

AI and tools: OpenAI and Claude API integration, WhatsApp automation, n8n, Git/GitHub, Docker, CI/CD, Postman, Figma

PROFESSIONAL EXPERIENCE

Web and Mobile Developer | Ecobank Nigeria 2025 - Present

- Develop a mobile-first internal banking operations application using React Native and Next.js, integrated with Node.js and Express services.
- Improved transaction completion speed by 30% through workflow and UI refinements, with Redux state management.

Full-Stack Developer | Devnnova Jan 2023 - Aug 2025

- Built AltBank and Entrant products across React Native, Next.js, and NestJS, working with a shared API gateway.
- Built the Entrant CMS admin portal so the team could manage country-specific content shown in the mobile app.
- Integrated OpenAI and Claude APIs into customer-support and WhatsApp automation workflows, using n8n for business process automation.
- Consolidated the Altmobile Laravel API reference and Postman collection for team use.

Full-Stack Developer | TechVerse Jan 2022 - Aug 2023

- Delivered fintech and eCommerce applications with Vue.js and React interfaces backed by Laravel and Node.js services.
- Integrated Paystack and Flutterwave payments, referral features, and delivery-coverage APIs into checkout workflows.
- Translated Figma designs into production-ready interfaces and contributed to API performance and deployment workflow improvements.

UI/UX Designer | Hephzibah Edutech 2020 - 2022

- Designed a Figma CRM dashboard for student enrollment and management workflows.
- Used user research and interface improvements to reduce administrative workload by 40%.
- Collaborated with developers on React.js and Tailwind CSS implementation, connecting design decisions to shipped product flows.

SELECTED PROJECTS

Entrant - Newcomer Platform: Built the system across a React Native mobile app, Next.js web platform, and CMS admin portal, with NestJS and PostgreSQL services. The CMS manages country-specific content shown in the mobile app.

AltBank - Digital Banking Product: Contributed to mobile and web product development using React Native, Next.js, and NestJS, with services accessed through a shared API gateway.

Yummeals - Mobile and Web Platform: Built the mobile app and web platform with React Native and Laravel, including a guided NPS and marketing-intent flow with real-time validation.

AltDrive - Vehicle Finance Platform: Built a vehicle browsing and finance application platform with React, TypeScript, Laravel, and Filament admin tools.

EDUCATION AND CERTIFICATION

B.Sc. Computer Science, Lagos State University (LASU) - 2022

OND, Electrical and Electronic Engineering, Moshood Abiola Polytechnic - 2020-2022

Backend Development Certification, DevTown - 2024
