PROFESSIONAL SUMMARY

Full-stack developer with 5+ years of experience building digital products and hands-on software development experience since 2020. I've worked across fintech, eCommerce, and edtech, building web and mobile applications with React, Next.js, Vue, and React Native, and APIs with Node.js, NestJS, Express, Filament admin and Laravel. My experience includes payment integrations, databases, authentication, and AI-powered workflows, supported by a UI/UX foundation and a product-minded approach from design through release.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, PHP

Frontend: React, Next.js, React Native, Vue.js, Redux, Tailwind CSS, HTML5, CSS3

Backend: Node.js, NestJS, Express.js, Laravel, REST APIs

Databases: PostgreSQL, MySQL, MongoDB, Redis

Integrations and tools: Paystack, Flutterwave, JWT, OAuth 2.0, Google Sign-In, OpenAI API, Claude API, WhatsApp automation, n8n, Git/GitHub, Docker, CI/CD, Postman, Figma.

PROFESSIONAL EXPERIENCE

Web and Mobile Developer | Ecobank Nigeria

2025 – Present

- Develop a mobile-first internal banking operations application using React Native and Next.js, integrated with Node.js and Express services.
- Improved transaction completion speed by 30% through workflow and UI refinements, with Redux state management.

Full-Stack Developer | Devnnova

Aug 2023 – Sep 2025

- Built AltBank and Entrant products across React Native, Next.js, and NestJS, working with a shared API gateway.
- Built the Entrant CMS admin portal so the team could manage country-specific content shown in the mobile app.
- Integrated OpenAI and Claude APIs into customer-support and WhatsApp automation workflows, using n8n for business process automation
- Consolidated the Altmobile Laravel API reference and Postman collection for team use.

Full-Stack Developer | TechVerse

Jan 2022 – Aug 2023

- Designed a Figma CRM dashboard for student enrollment and management workflow
- Used user research and interface improvements to reduce administrative workload by 40%.
- Collaborated with developers on React.js and Tailwind CSS implementation, connecting design decisions to shipped product flows.

UI/UX Designer | Hephzibah Edutech

2020 – 2022

- Designed a Figma CRM dashboard for student enrollment and management workflows.
- Used user research and interface improvements to reduce administrative workload by 40%.
- Collaborated with developers on React.js and Tailwind CSS implementation, connecting design decisions to shipped product flows.

SELECTED PROJECTS

- **AltBank** — Digital Banking Product
Contributed to mobile and web product development using React Native, Next.js, and NestJS, with services accessed through a shared API gateway.
- **Entrant** — Newcomer Platform
Built the Entrant system across its React Native mobile app, Next.js web platform, and CMS admin portal. Created the admin workflows for managing country-specific content delivered to the mobile app, with the product connected through a shared API gateway.
- **Yummeals** — Mobile and Web Platform
Built the Yummeals mobile app and web platform using React Native and Laravel. Also replaced a basic Google Form with a guided, multi-step NPS and marketing-intent flow featuring real-time validation.

- **AltDrive** — Vehicle Browsing and Application Platform
Built a full-stack vehicle platform combining a React and TypeScript frontend with a Laravel backend and Filament admin tools.

EDUCATION AND CERTIFICATION

OND, Electrical and Electronic Engineering, Moshood Abiola Polytechnic	2020 – 2022
Frontent Development Certification, DevTown	2023
Microsoft Professional Program in Front-End Web Development	Jun 2023
Backend Development Certification, DevTown	2024
Microsoft Learn Student Ambassadors Lahore	2025
